COMPANY OVERVIEW

About Rexman Engineering Services Limited

Rexman Engineering Services Limited is a Kenyan construction and engineering company established in 2016, specializing in the delivery of residential, commercial, and institutional projects.

We provide integrated construction solutions covering building construction, civil works, plumbing, electrical installations, mechanical works, renovations, refurbishments, and interior fit-outs. Our multidisciplinary approach allows clients to access a comprehensive range of services under one roof, ensuring efficient coordination, quality workmanship, and timely project delivery.

Over the years, we have successfully delivered projects for homeowners, businesses, institutions, and organizations across Kenya, earning a reputation for reliability, professionalism, and value-driven execution.
